

Criminal Report

Important! Please Read: Court records and sex offender registries are not matched using an applicant's Social Security Number. Most criminal records are matched by name only and occasionally date of birth. Therefore, a common name (e.g., John Smith) may yield several results. Please review the records for possible hits. If available, subject identifiers (e.g., date of birth, eye color, hair color, race, etc.) are included within the record abstract. Only sex offender registries will usually display a photograph of the subject. Also see the credit bureau's disclaimer on the bottom of this report.
